PROFESSIONAL SUMMARY

Full-stack web developer and final-year Information Technology student with experience building responsive websites and role-based web applications. Skilled in JavaScript, Node.js, Express, PostgreSQL, REST APIs and production deployment. Combines practical software development with hands-on IT support and systems administration experience.

TECHNICAL SKILLS

Languages & Frontend: HTML5, CSS3, JavaScript, responsive design, accessibility

Backend & Data: Node.js, Express, PostgreSQL, REST APIs, JWT authentication, role authorization

Tools & Deployment: Git, GitHub, Thunder Client, VS Code, Render, Cloudflare Pages, GitHub Pages, UptimeRobot.

SELECTED PROJECTS

HomeStride Services

2026

Full-stack home-services platform

- Built customer, administrator and technician workflows for service booking, skill-based assignment and status tracking.
- Developed a Node.js and Express API with PostgreSQL, JWT authentication, role authorization, validation and protected routes.
- Deployed the frontend on Cloudflare Pages and the API on Render; added analytics, uptime monitoring and responsive dashboards.

Cape Breeze Boutique Hotel

2026

Responsive hospitality website

- Created a responsive landing page with room, amenity and destination content, accessible navigation and a Formsfree enquiry workflow.

ApexStone Construction

2026

Multi-page construction company website

- Built five connected pages with service preselection, a filterable project gallery, expandable FAQs, form validation and GitHub Pages deployment.

EXPERIENCE

IT Support and Systems Administration Intern

Oct - Nov 2025

Ridge Royal Hotel | Cape Coast, Ghana

- Supported daily IT operations across hotel departments and assisted staff with hardware, software, printer and connectivity issues.
- Configured and maintained workstations and peripheral devices, documented incidents and escalated complex faults when necessary.
- Contributed to a review of the hotel website and social media channels while supporting the Sales and Marketing team.
